Abstract Notice dated 16th August 1934.

The attention of the public is invited to Notice, dated 16th August 1934, published on page 1091, Part VI of the *Mysore Gazette*, dated 23rd August 1934 regarding the sale by auction of one unserviceable portable engine at Chikballapur.

A. SADASIVAN,
Chief Store Keeper.

THE MYSORE IRON WORKS, BHADRAVATI.

Notification dated 3rd September 1934.

Notice is hereby given that sealed tenders will be received at the Office of the General Manager, Mysore Iron Works, Bhadravati up to 3 P.M. on 25th September 1934 for the foundation works of the New Steel Works. An approximate estimate of quantity is given below. The quantities are not guaranteed.

2. Tenders may be submitted for complete works or alternatively for the supply of all or any of the materials only.

3. The detailed specification may be seen at the General Manager's Office between 2 and 5 P.M. on all working days.

4. Each tender must be accompanied by a deposit of Rs. 250 in cash or currency notes as earnest money and be superscribed as "Tender for the Steel Plant Foundations" in default of which tenders will be rejected.

5. Tenders which give rates as per estimate rates are so much per cent above or below estimate rates will not be considered. The rates should be noted both in figures and in words.

6. The tenders will be opened by the General Manager on the 26th September 1934 between hours 2 and 5 P.M. in the presence of such of the tenderers who may choose to attend.

7. The name of the successful competitor whose tender has been accepted will be posted on the Notice Board in the General Manager's Office, in due course. No enquiry regarding the acceptance or rejection of the tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. The General Manager reserves the right of splitting the tender amongst one or more tenderers.

10. Rates once tendered will not be enhanced on any account.

11. Rates for non-tendered and non-estimated items shall be those fixed by the General Manager after working out data with not more than 10 per cent for contractor's profit.

12. The final acceptance of any tender will rest with the General Manager who does not bind himself to accept the lowest or any tender or to assign any reasons whatever for the rejection of any tender.

13. Within eight days of acceptance of the tender, the successful competitor will be required to execute the usual contract bond in default of which his tender will be considered cancelled, and his earnest money will be forfeited.

14. The successful tenderer should deposit with the Accountant of the Mysore Iron Works before he signs the agreement, 5 per cent of the value of the work for which the tender is accepted as security for due fulfilment of terms of the agreement.

15. (*a*) Excavation should be started on 10th October 1934.

(*b*) All foundation work must be completed before 10th January 1935 with a guaranteed progress. In the event of failure to complete the work in time, a penalty not exceeding one per cent of the total value of the work will be levied for each week's delay.

16. (*a*) In case the tender is split, the successful tenderer for supply of materials shall collect at least 50 per cent of the material, *viz.*, sand, stone and jelly before 31st October 1934 and complete the collection before 30th November 1934. In the event of failure to collect as noted above, a penalty not exceeding one per cent of the total value of supplies will be levied for each week's delay.

(*b*) The total quantity of red bricks as noted in schedule "B" shall be supplied not later than 31st January 1935. In the event of delay, a penalty not exceeding one per cent of this item will be levied for each week's delay. In all matter, of dispute regarding rates, measurements, quality of work, material, etc., and in all disputes of any kind, the decision of the General Manager will be final and legally binding.

17. The contractor will be supplied water and lighting free. Any power required will be charged for at the Works rates.

18. The concrete should generally be laid in day-light hours.

19. Cement will be supplied by the Works.

B. VISVANATH,
